Thanks Gene - I look forward to
hearing more about yours & the
City's ideas about the future of
the festival.

Gene

Just a note to thank you for
yours & the City's generous support
of Wild & Scenic. I feel so fortunate
to live in a community like ours -
one that comes together around
such important events like the
film fest. The event's success is
in part due to that wonderful
community support & the City's
willingness to make it work!
